The Beginning of Del Pietro's House of Pasta 1976

The quick look at the early years of Mary Rose Russo & Mike DelPietro: Mary Rose and Mike met in Kindergarten at St. Ambrose on The Hill. Mary Rose later worked at her father's restaurant, Rossino's and Mike worked at his father's tavern DelPietro's Bar. They both had dreams of starting their own restaurant together. After marrying in 1965 and starting a family with 2 daughters and 2 sons, they opened DelPietro's House of Pasta in 1976. It was exciting but humble beginning with an 8 table restaurant. Mary Rose wore many hats as bartender, server and bookkeeper, whereas Mike worked the front door and charmed the patrons. They never thought, in their wildest dreams, the happiness they would experience by serving their customers and raising their children in such a great atmosphere.

Thank you for dining with us and our family Mary Rose and Mike DelPietro
